## Hops are where it starts

for the born again craft head and Super Charger APA is where Panhead delivers. This is an all-American show with Centennial, Citra and Simcoe overwhelming your nose, kicking you in the taste buds and departing with more bitterness than a Palm Springs divorce. It's a seriously addictive combination.

**NEW BREW**

### What's Hot in Craft?

## Hazy Pale Ale

Characterised by a tropical fruitiness and low bitterness, the hazy style first came to popularity on the US East Coast more than a decade ago, but has seen increasing popularity in New Zealand over the last few years.

CIDER

## JUST REALLY GOOD CIDER

You can call it craft, you can call it premium, we even call it 'NZ style'. Truth is you can call it what you want, we're just trying to make really good cider, for you to enjoy.

Three Wise Birds is a Hawke's Bay based cider company, run by brothers Jack and Charley Crasborn. A family name synonymous with the apple industry and growing world-class produce. The brothers have a history from the soil; having grown up on the family's orchards in the fruit bowl of New Zealand. The lads grew up picking, packing and selling the very apples they now use and as such have a great understanding of the quality that goes into making their cider. A true branch to bottle story. We're big on premium ingredients, real flavours and good times.
